

## BY ROAD

Chester is linked directly to the national motorway system via the M53 and London and all the major regions of the UK are easily accessible from the City. Please note that Chester is surrounded by a medieval wall and you can enter certain areas by car although you can still follow the routes to the Grosvenor Shopping Centre (for parking).

## From Liverpool

Taking the Kingsway/Mersey Tunnel (Wallasey), continue forward onto M53 and leave at Junction 12, then at the roundabout take the 3rd exit onto A56 (signposted Chester). At the roundabout, take the 2nd exit onto Hoole Road – A56 entering Chester. From Hoole Way, turn left at the roundabout onto St Oswalds Way A5268. Continue straight on the roundabout to Union Street leading to Vicar's Lane. Aim towards the Grosvenor Shopping Centre where you can find parking spaces. You can either walk through the main entrance of the shopping

centre (Eastgate Street) and turn right to St John Street where the clinic is located or you can walk at the back of the city wall which will lead you to St John Street.

## BY RAIL

It is approx 15 minutes walk to the clinic. Walk down City Road taking the underground path which will lead you to Foregate Street. Head towards Eastgate Street and turn left for St John Street which is where our clinic is located. There are also black cab taxi ranks available outside the Railway Station.

## CAR PARKING

You can park at the Grosvenor Shopping Centre.

## ON ARRIVAL
